FROM THE DESK OF THE DIRECTOR

Education is a vision that is the foundation of any society, nation and of the world as it is an art of expression of synchronised thoughts, shared values and common beliefs. It is the harbinger of a positive fruitful change that makes a difference in the lives of many.

School years are the most formative years in the life of a child. Impressions, beliefs and habits formed at this stage remain with him throughout his life. There is a vast potential in these young impressionable minds which needs to be channelised to bring out the best in every child so that they are equipped to combat all challenges and emerge as leaders of tomorrow. My vision and mission has always been to earnestly provide for a conducive environment to every Blue Bellian so as to empower them to become educated leaders.

Another positive quality which I wish every Blue Bellian to imbibe is to learn to appreciate each other because appreciating others teaches us to look for good qualities in others and develop a sense of respect for others which certainly contributes in raising their self-esteem. As I extend my heartiest congratulations to all the students of classes X & XII and their parents for the brilliant success in the Board Examinations, I wish to reiterate that my dream has always been to see my students excelling not only academically but also as conscientious and compassionate youngsters who understand their responsibility, learn to respect relationships and feel accountable for their actions. As the Leader of an Educational Institution, I strongly believe that School Education can be a strong foundation for a more humane world society, propagating our most cherished belief of 'Vasudeva Kutumbkam'.

So my dear students make it your mission to strive for bringing about one 'Change' one 'Difference' in your life and the life of others and collectively we will usher in the 'Winds of Change'.

Dr. Saroj Suman Gulati
Director
Blue Bells Group Of Schools
Gurgaon

FUTURISTIC SCHOOLS OF INDIA AWARD

Education is a powerful tool to build on a society which is ethically and aesthetically sound. The 21st Century is all about the management of knowledge and information we have generated and the value addition that we can bring to it. The students must be trained aptly to find out a way through the sea of knowledge that is created and continue with lifelong learning by developing their thinking skills. We at Blue Bells believe that every child is potentially the light of the world. The need of today is to empower the Gen Y and to hone and sharpen the life skills of these multi talented youngsters. The BBGS have a well regulated Health & Wellness Programme devised in-house under the inspiring initiative and guidance of Dr. Alka Saxena, Deputy Director (Health & Wellness), BBGS. Ma'am is an academican who has wholeheartedly dedicated herself to the cause of children and their overall personality development. The schools have integrated the THOTS Program (The Higher Order Thinking Skills) for the students under the Health & Wellness Programme. It is in recognition of this meritorious performance in honing Life Skills along with Thinking Skills in Gen Now that Blue Bells Group of Schools were felicitated with the recognition of Futuristic Schools Of India 2017 by Rethink India Foundation. It was a proud moment for the Blue Bells Family when Dr. Alka Saxena, Deputy Director (Health & Wellness), BBGS was honoured with the recognition in a glittering Ceremony on May 11, 2017. The event witnessed the attendance and nominations of many renowned schools of India and the feat was stupendous and only three schools from Gurgaon were shortlisted for the award. Heartiest Congratulations to all the members of Blue Bells Family for this marvellous achievement!

CHILD SAFETY IS OUR PRIME CONCERN: WORKSHOP ON CHILD PROTECTION POLICY & POCSO ACT

When ensuring safety within schools a holistic approach is imperative to create an environment which looks at the multiple dimensions of vulnerability faced by the child, be it mental, emotional, cognitive, social, cultural, geographical or physical, keeping in mind the child's entire cycle of engagement with the educational environment and the system. A safe school environment makes children's rights a reality, restores hope, eliminates bias, upholds dignity in the child's life and creates an enabling environment that supports a child's positive personality development. In sync with the same objective a Workshop was organized for the teachers by The Resource Centre of The Health & Wellness Programme under the inspiring guidance of Dr. Alka Saxena, Deputy Director (Health and Wellness), BBGS, on April 22, 2017. The teachers were sensitized and made aware of the POCSO Act & Child Protection Policy devised for BBGS. Children are innocent and trusting by nature and thus, they need to be protected against any abuse. Therefore, the teachers play a pivotal role to protect them in the school if they do not become a prey to such acts.

Ma'am elaborately explained about the POCSO Act, adopted by India to safeguard children from sexual offense. This is an Act to protect children from offences of sexual assault, sexual harassment and pornography and provide for establishment of Special Courts for trial of such offences and for matters connected therewith or incidental thereto. Dr. Alka Saxena, gave a brief to everyone on Child Protection Policy statements to provide a clear picture to the teachers for ensuring students' safety in the school. This policy is applicable to all employees and any person who comes in contact with the school system. Ma'am gave a detailed description on the vision and mission of the school as far as students' safety is concerned. She also apprised the staff about the safety measures taken for transport and even when students move out for picnic or any outdoor activities and other areas. Ma'am also briefed on Online safety so that teachers could guide the students properly for internet security. She also outlined the parameters to be followed as internet safety protocol and also updated everyone on the roles and responsibilities of 'Child Abuse Monitoring Committee' and 'Core Committee Members' to make children feel safe and secured in the school premises. The whole objective of session was to sensitize teachers so that children can be protected from abuse and their safety can be ensured by providing a safe learning environment.

EXCELLENT CLASS XII RESULT

Excellence is a gradual culmination of always striving to do better. It is doing a common thing in an uncommon way. Registering an enduring mark of success on the world is tough. It requires commitment, determination, crystal clear vision, steadfastness of aim and objective to accomplish the set targets and goals. Blue Bellians have again proved their mettle by achieving an excellent Class XII Board Result in the Academic Session 2016-17. Out of 112 students who appeared for the Board Examination 16 students have scored more than 90% marks.

We, at Blue Bells believe that 'Victory' is our motto, whatever we desire, we accomplish and we achieve. Down the years, Blue Bellians have given a new dimension to the term 'Academic Excellence' and success is not an isolated story for them. The Class X Batch of the Academic Session 2016-17 made the institution proud by registering an excellent Board Result.

STUDY SKILLS WORKSHOP FOR CLASS XI

The theme for this module emerged due to some concerns that were shared by the students on the change they witnessed from Class X's CCE pattern to Class XI's studies that appeared overwhelming for them. This was the resultant of the change in the course structure, study time and the way of studying. In sync with the same, an ardent need was felt by Dr. Alka Saxena, Deputy Director (Health & Wellness), BBGS and her Resource Center team to take this theme with the students of class XI so that they feel more prepared to deal with the changes around. The interactive session was taken by the School Counsellors Ms. Shreya Kumar and Ms. Renu Khare on April 6, 2017 which witnessed the enthusiastic participation of the students. As Class XI forms a solid

foundation for Class XII, therefore, the beginning of new academic session was the most appropriate time to discuss certain important study skills which the students can use to plan, study and prepare themselves throughout the year. The key points discussed in the sessions with the students were about the changes and how they feel about them. The PQRS (Preview, Question, Read, Self-study and Test) technique of studying was discussed in detail wherein the students were shared about the importance of studying in a systematic manner to retain information. Some points about organizing themselves were also shared with them. Besides that some hands on tips on note taking, note making, academic reading skills, and writing skills were discussed. A befitting close to the session was the discussion on the importance of a study friendly environment where prominence was given on understanding their pattern of studying and focusing on their learning styles.

GOAL SETTING WORKSHOP FOR CLASS XII

Interactive session was conducted for Class XII on May 16, 2017 and the theme for the session was Setting Goals and Managing Time In Summer Vacations. After regular interactions with the students, it was felt that the students of Class XII will benefit from goal setting as during the vacations, the students have lot of unstructured time for themselves and sometimes they do not know how to utilize that time to the optimum. Hence, the need was felt to acquaint the students to understand the importance of setting goals for summer vacation so that they can plan during the vacation along with their studies. This will further result in enhancing their knowledge along with following their passion. In the session facilitator focused on importance of the goal setting, how we can set SMART goals, and always set your own goals for yourself. Goals are about what you want to do, rather than not want to do. The facilitators also briefed about time wasters and how time can be managed effectively and also focus on time management. The students were also apprised about how they can increase their productivity by using some tips like: always planning the day in advance, consolidating similar tasks together, learning to say no when they are busy etc. The students were also advised about healthy life style which would help them gain physical fitness and mental alertness.

ANTI TOBACCO CAMPAIGN: WORLD NO TOBACCO DAY CELEBRATION

"SMOKING THRILLS, BUT KILLS AND ONCE YOU START; IT'S HARD TO STOP..."

To highlight the health risks associated with tobacco use, WORLD NO TOBACCO DAY, designated by the World Health Organization is observed every year on May 31. Each year, the Health & Wellness Programme of the school marks this occasion by conducting the Anti Tobacco Campaign under the guidance of Dr. Alka Saxena, Deputy Director (Health & Wellness), BBGS. A Special Morning Assembly was organized by the Health & Wellness Resource Center comprising of Ms. Shreya and Ms. Renu Khare, school Counsellors, along with the students of Class X-B on May 26, 2017. The focus of this assembly was to create awareness among the students and teachers on the harmful effect caused due to use of tobacco products. The students presented a thought provoking poem on the harmful effect of tobacco use along with a quiz and an informative talk on the theme: 'TOBACCO – A THREAT TO DEVELOPMENT'. The highlight of the assembly was the skit and dance representation which beautifully showcased how the use of tobacco provides comfort from stress in the beginning but later becomes the cause of pain and misery. The Assembly closed on a promising note with a SIGNATURE CAMPAIGN. The Principal, Middle Wing Incharge, counsellors, teachers and students wrote their thoughts and ideas on the Display Board to sensitize all on this core issue.

INVESTITURE CEREMONY

Blue Bells Public School envisions the students to come ahead and communicate ideas and thoughts which plays significant role in functioning of the school system. The school fosters leadership and co-ordination skills in portraying the child, not only as a student but also as a partner and contributes towards the growth of the school. With this belief, the school organized the Investiture Ceremony on May 10, 2017 and May 19, 2017 for the Primary Wing and Senior Wing respectively.

We are pleased to share that in the year 2015-16, the Head Boy of the School Pranshul Sood was the Commerce Topper with 95.6% and Head Girl Sanya Godiyal was the Humanities topper with 97% and recreating the same magic we have the Headboy of Session 2016-17, Hardik Khurana as the school topper with 96.8% (Aggregate) and 97.4% (Best Four). Heartiest Congratulations to our gems for making us proud!

CELEBRATIONS GALORE

FOUNDER'S DAY CELEBRATED WITH UTMOST ENTHUSIASM

"Honesty, Loyalty and Integrity are the Cornerstones for Success."

Blue Bells is a premier co-educational institution based on a strong value system that believes in inculcating in the children the resources that will endure lifelong. As a true reservoir of quality education, the school strives towards holistic education in an active and dynamic learning environment. The foundation stone of the school was laid on 25 October 2001 and the First Academic Session started on 10 April 2003. To commemorate this day, Founder's Day was celebrated with utmost zeal and enthusiasm on April 10, 2017. The young Blue Bellians of Pre-Primary Wing contributed effectively and planted sapling in and around school in a plantation Drive - 'EACH ONE PLANT ONE'. Another highlight of the celebration was the concern of the students in raising social and environmental issues. The Heritage & Eco Club of the Senior Wing of the school along with Class V students in the morning took out a Rally to acquaint the people around on

the conservation of resources along with the improvement in the quality of air around and sensitize everyone on the importance of 'CLEAN CITY GREEN CITY'. The celebration started on a spiritual note as Hawan was performed by Dr. Saroj Suman Gulati, esteemed Director and Dr. Alka Saxena, Deputy Director (Health & Wellness), BBGS along with Principal, Vice Principal, faculty members and the young Blue Bellians. The students presented a short and crisp Morning Assembly tracing the history of the school from its origin to the niche it has created for itself in the last fourteen years under the able leadership of Director Ma'am and all well wishers. Creatica, the mouthpiece of the emotions of young Blue Bellians was released by Dr. Saroj Suman Gulati, revered Director, BBGS to mark the occasion.

COMMEMORATING THE BIRTH ANNIVERSARY OF A LEGEND : GREEN DAY CELEBRATION

Conservation is a state of harmony between men and nature and plays a pivotal role in the development of the human race. By encouraging conservation, increasing investments in clean, renewable sources of energy, and promoting increased domestic production of oil and gas, we can build a more secure future for our country. The school commemorated the Birth Anniversary of Founder Chairman Shri. B. D. Gulati ji by celebrating GREEN DAY on April 21, 2017. It was an earnest effort to sensitize the students on the necessity to protect Mother Nature, an endeavour in sync with Sir's vision, idealism and philosophical perspective. It is his philosophy of selfless service to the society which we, at Blue Bells deeply cherish, and revere it as the vision and mission of the school. A special morning assembly was organized where the students presented their vision and thought on how to conserve the resources for the future generation. It was also to enlighten all with the problems being faced by Mother Earth and alternative ways were suggested

to stop this slow and steady degradation of our natural resources. The students paid their tribute to the patriarchal figure by making a movie on the life and vision of Founder Chairman Sir. Plethora of activities were organized to mark the occasion like Inter House Poster and Collage Making Competition for the Senior and Middle Wing, innovative display of artifacts using 3 R's by the Primary Wing and painting competition for students of Pre Primary Wing. The students enthusiastically participated in all the activities and showcased their commitment of heralding a new era of conservation of resources for a safe and secured future.

LABOUR DAY

The success of any nation depends on the quality of workforce and how they work as a single unit to beckon the economy of the nation. To pay a token of reverence to the dignity of the human resource, Labour Day was celebrated in the school on April 28, 2017. A Special Morning Assembly was organized by Class XII in Hindi to stress on the importance of dignity of labour.

KINDERGARTEN ACTIVITIES - A GALORE

**TREASURED MOMENTS
DAYS MOVE ON
LIFE GOES ON
BUT THE BEAUTIFUL MOMENTS SPENT
FORM AN UNFORGETTABLE BOND
A BOND BETWEEN LIFE AND PLEASURE,
I BENT ON MY KNEES
AND PRAYED TO GOD
TO GIVE AN IMMORTAL LIFE TO THESE FUN-FILLED DAYS.
SUDDENLY I REALISED THAT MY PRAYER WAS HEARD
I FELT AS LIGHT AS A BIRD,
AND THAT FEELING STRAIGHTAWAY
CAME TO MY HEART,
AND GOT EMBEDDED FOREVER, FOREVER.**
