NEWSLETTER

(April to June 2015)

FROM THE DESK OF THE DIRECTOR

It is rightly said that the 'Creativity and imagination of this human mind would always be superior to any computer.' There is no doubt that there is creativity in every mind but it calls for concerted effort to ensure that it is expressed.

When I envisioned to initiate the inception of an educational institution way back in the 1980's the vision that predominated the mission was my belief in the thought that every mind is creative, every mind is inquisitive, and when children ask questions we need to address their inquisitiveness and enhance their creative and critical thinking skills. Today, when I reflect and ponder over the journey of Blue Bells Group of Schools, a sense of satisfaction runs through me that I never let myself deter from my mission and vision of ensuring that the education imparted in Blue Bells Schools is child centric and ensures their holistic growth.

As a leader of a pioneering Group of educational institutions in Gurgaon, I strongly feel that creativity comes from beautiful minds and the human mind is a unique gift. The onus lies on us to empower this rich resource with positive thinking skills because 'Thinking' is a capital asset. It is 'Thinking' creatively and

AVANT GARDE EDUCATIONIST

innovatively which leads us towards progress and my endeavour all these years has been to create 'Thinking Schools' where children are groomed to become empowered and responsible adults.

I wish to avail this opportunity to congratulate the parents, staff and students of the school for an astounding performance at IRC Open League 2015 in USA, the brilliant results in the Board Examination and also successfully hosting the National Level CBSE Science Exhibition 2015. Our vision and mission becomes a reality only with the unconditional support of the parents who stand by us through all our ventures and initiatives. I wish to conclude with the following beautiful lines by Dr. A.P. J. Abdul Kalam :

"Learning gives Creativity,
Creativity leads to thinking,
Thinking provides knowledge,
Knowledge makes you great."

Dr. Suman Gulati

Director

MAGNIFICENT SUCCESS STORY CRAFTED BY BLUE BELLIONS AT IRC OPEN LEAGUE FINALE IN SEATTLE, U.S.A.

'Success belongs to those who believe in the beauty of their dreams...as what a mind can conceive and believe... it can achieve', this vision was concretized by the Robotics Team of Blue Bells Public School, Sector 10, Gurgaon, comprising of Varun Yadav, Abhinav Sharma, Chirag Hari, Mayukh Joshi and Nivesh Yadav for designing a Robot that will help in assembling a Rocket. The team left for Seattle on June 1, 2015 to participate in the International Version of IRC Open League 2015 with Mission, 'Make In India', on June 6, 2015 at University of Washington, Husky Union Building, Seattle, USA. There were forty five teams competing in the competition. Two teams from U.S.A., one from Israel and forty two teams from India which included teams from renowned schools like Modern School, Barakhamba Road, New Delhi and Sri Ram School, Aravali etc. The school team created history when their Robotic presentation helped them to lift the coveted Overall Winners Position in the International version of the Competition. In the Final Round of the Competition, the students designed two Robots – one Autonomous, a programmable Robot which could

ON TOP OF THE WORLD Making India Proud

IRC LEAGUE
MISSION MAKE IN INDIA

MAGNIFICENT SUCCESS STORY CRAFTED IN USA BY
Students of Blue Bells Public School, Sector 10, Gurgaon

The Management, Director, Principal and staff of Blue Bells Public School congratulate the Robotics Team of the School for having achieved the position of overall winners at International Robotics Competition "IRC Open League" held at University of Washington, Seattle, USA.

A Team with only one dream- that has come true! To showcase the capabilities of India at an International level (Seen above with their invention at Seattle, USA)

Five of our students VARUN YADAV, ABHINAV SHARMA, CHIRAG HARIT, NIVESH YADAV and MAYUKH JOSHI set out for the IRC Open League 2015 with a dream in their eyes. Together they designed and assembled two Robots ONE, an Autonomous Programmable Robot monitored by a Mobile phone and the second, a Mecatronics Robot operated with Bluetooth technology. These robots can perform amazing tasks including helping in assembling of Rockets.

No wonder, our students were declared overall winners amongst the other participating renowned Schools from across USA, Israel and 45 other schools from around the world including India. These heroes have truly made India Proud.

Our Young inventors celebrate and reflect upon their hard work, passion and genius which put them ON TOP OF THE WORLD

pick up props if placed in certain area without manual interference. It was mentored by Mobile Phone and had inbuilt sensors which could easily identify the structure and then assemble it using cranes. Mecatronics, the other Robot was a manually controlled Robot which used the Blue tooth technology with a fork lift and picked up props and assembled them. The total time duration for the run was 4 minutes. The Robotics Team successfully completed the run and bagged the First Position at the Senior Level of the competition. Team India was sponsored by Intel Corp. Inc.

STRIKING MASTER STROKE IN THE FINALE

अमेरिकी मेक इन इंडिया में भारतीय रोबोट

नेविश हेमन्त
आई टिलन्डी

गुडगांव के छात्रों ने रोबोट का एक ऐसा मॉडल तैयार किया, जो सकेट को जोड़ने की प्रक्रिया को आसान बनाएगा

इसे बनाने में करीब 20 दिन लगे और करीब छह हजार रुपये का खर्च आया है

रोबोट का नाम आते ही आपका मन समझ में आता है। रोबोट ने घर, कार्यालय में काम को आसान बनाने के साथ फैक्ट्रियों में उत्पादन को तेजतर बनाया है। हालांकि, अभी भी यह भारत के लोगों के लिए दूर की कीड़ी है। लेकिन आने वाली पीढ़ी इस तकनीकी में दक्षता प्राप्त करेगी, कम से कम गुडगांव के कुछ होनहार छात्रों से यह उम्मीद बंधी है।

गुडगांव के 12वीं के छात्र यरुण यादव के नेतृत्व में चार स्वतंत्र छात्रों के दल ने रोबोट का एक ऐसा मॉडल तैयार किया है जो सकेट को जोड़ने की प्रक्रिया को आसान बनाएगा। यह टीम आगामी 6 जून को यूनिवर्सिटी ऑफ वाशिंगटन में एक प्रतियोगिता में अपने रोबोट के मॉडल का प्रदर्शन करेगी। खास बात यह है कि इस प्रतियोगिता का नाम मेक इन इंडिया रखा गया है।

बता दें कि मेक इन इंडिया के बारे में सबसे प्रथमचर्चीक नॉरद मोदी विश्व का ध्यान भारत की ओर आकर्षित करने में जुटे हैं। ताकि आयात की जगह संसाधन देश में ही तैयार हो, जिससे दुलाई लागत घटने से सामर्थ्य का भूषण काम होने के साथ देश के लोगों को कई रोजगार के अवसर मिलें। इस प्रतियोगिता में अमेरिका, जापान, इंग्लैंड के अलावा

अन्य देशों की कुल 50 टीमों भाग ले रही हैं।

रोबोट के मॉडल को तैयार करने वाले यरुण के अनुसार उनके बड़े भाई व इंजीनियरिंग इंजीनियरिंग में प्रथम वर्ष के छात्र निवेश यादव, 12वीं के छात्र अर्धनयन शर्मा व 11वीं के छात्र चिराग हरित ने बताया कि राष्ट्रीय स्तर की प्रतियोगिता में भी उन लोगों ने अपने रोबोट के मॉडल को प्रदर्शन किया था, जिसमें उन्हें प्रथम पुरस्कार मिला। अब उन्हें अमेरिका में प्रतियोगिता में भाग लेने के लिए भेजा जा रहा है।

छात्रों ने बताया कि उन्हें शुरू से कुछ असर करने को हुआ नहीं। 'पहली काल है कि सभी एक सख्त मुठ और इस रोबोट के मॉडल को जन्म दिया है। छात्रों ने बताया कि इसे बनाने में करीब 20 दिन लगे और करीब छह हजार रुपये का खर्च आया है। पहले इन लोगों ने विभिन्न फैक्ट्रियों में जाकर इसे तैयार किया था। हालांकि, वह चपती थी और उनमें कई खामियां भी थी। स्थल से तैयार इस रोबोटिक मॉडल को मेकइनडोन फोन से संचालित किया जाता है। इसमें सेक्टर भी लगे हुए हैं जो राखत और सकेट के दोषों को पहचान कर उसे उठाते हुए जोड़ने वाले बनते हैं। यरुण ने बताया कि अब सकेट तैयार करने में केन को मदद ले जाती है।

Our Achievers of Class XII

Excellence is a gradual culmination of always striving to do better. It is doing a common thing in an uncommon way. Blue Bellians have recreated history and magic. Their sincerity, dedication and selfbelief in their capabilities have again reaped rich dividends this year as the third Batch of Class XII gave an exceptional performance in the AISCSE 2014-15. They have made the institution proud by bringing laurels for their alma mater.

CLASS X RESULT

"Patience, persistence and perspiration make an unbeatable combination for success."

We should cherish our visions as they are the blueprints of our ultimate achievement. It requires resolute focus, indomitable courage, conviction and dedication to succeed. Success is not an isolated story for the Blue Bellians. The Class X Batch of the Academic Session 2014-2015 made the institution proud by registering an excellent Board Result. Out of 128 students who appeared 34 students secured 10 CGPA, 74 students secured A1 Grade, 9 students secured 9.8 CGPA and 7 secured 9.6 CGPA.

OPENING OF THE EXHIBITION

MELODIOUS ENCHANT

MESMERIZING PERFORMANCE

Blue Bells Public School, Gurgaon, is a pioneer institution in the field of education. In an endeavor to showcase scientific skills and innovative creations, the school hosted the National Level CBSE Science Exhibition -2015 from April 23 to April 25, 2015. The theme for the same was 'Science and Mathematics for a Sustainable World'. The Exhibition witnessed massive participation of students and

CLOSING CEREMONY

teachers from all over India. It was a rare honor as Mr. R. P. Sharma, Advisor, CBSE and Dr. R. K. Sharma, Director, Solid State Physics Lab., DRDO graced the occasion of Opening and Closing Ceremony respectively as our honoured guests. Dr. Kshipra Verma, Chief Coordinator for the National Level Science Exhibition, Additional Director Educational Management and Curriculum Coordinator CBSE I, was the revered guest for the occasion. Young minds showcased their scientific temper under

sub- themes namely; Community Health and Environment, Landmarks in Science and Mathematics, Information and Communication Technology, Energy Resources and Conservation, Transport, Agriculture and Waste Management. Around 284 schools from all over India participated in this mega event. Innovative and talented students exhibited their models. Eminent personalities from the field of education formulated the renowned jury to adjudge their scientific skills. The students were provided a unique learning platform to exhibit their vision into reality. The efforts of students were lauded not only by revered guest and judges but also the school students who had come for the stall visit on the last day of the Exhibition. It was a great learning experience for all.

OVERVIEW OF THE EXHIBITS

STUDY SKILLS SESSIONS FOR CLASS XI AND XII

INFORMATIVE SESSIONS

them of different strategies that would be useful to them. The students of Class XI required help when the system of Evaluation from CCE in Class X shifted to pure academic assessment. The key points discussed in the Class XI sessions were about the change and how they are feeling about it. The PQRS (Preview, Question, Read, Self-study and Test) technique of studying was discussed in detail wherein the students were told about the importance of studying in a systematic manner to retain better. Some points about organizing themselves were shared with them. Besides that some hands on tips on note taking, note making, academic reading skills and writing skills were shared with them. Lastly the importance of a study friendly environment and healthy lifestyle was discussed with the students where importance was given on understanding their pattern of studying, eating right, exercising and sleeping well to enhance their concentration. This was an interactive sessions and the students participated enthusiastically. Interactive sessions were conducted for class XII; theme for session was Setting goals and managing time in summer vacations. In the session, the focus was on importance of the goal setting, how to set SMART goals, and always set your own goals as they are about what you want to achieve in life. A brief about time wasters was given along with how to manage time affectively by following simple time management strategies. To increase the capacity and output some tips were given like always plan your day in advance, consolidate similar tasks together and learn to say no when you are busy etc. Facilitator also discussed about healthy life style.

WORKSHOP ON CHILD PROTECTION POLICY

When ensuring safety within schools a holistic approach is imperative to create an environment which looks at the multiple dimensions of vulnerability faced by the child, be it mental, emotional, cognitive, social, cultural, geographical or physical, keeping in mind the child's entire cycle of engagement with the educational environment and the system. A robust preventive and pre-emptive safe school environment is one which is free of violence and based on respect to children, working in partnership with schools, teachers, parents, community and most importantly, children themselves.

A safe school environment makes children's rights a reality, restores hope, eliminates bias, upholds dignity in the child's life and creates an enabling environment that supports a child's positive personality development. In sync with the same objective a Workshop was organized for the teachers under the **inspiring guidance of Dr. Alka Saxena, Assistant Director (Health and Wellness), BBGS, on May 28, 2015. The teachers were sensitized and made aware of the Child Protection Policy.**

Dr. Anjali Gandhi, a professor, Deptt. of Social Work in Jamia Millia Islamia, New Delhi was the Resource Person for this informative Workshop. She shared her rich experience in handling cases pertaining to child abuse. She emphasized through numerable instances that children are innocent and trusting by nature and thus, they may become easy victim of sexual abuse in the school, family and society at large. Therefore, the teachers play a pivotal role to protect them in the school if they become a prey to such heinous crime. She elaborately explained about the POCSO Act, adopted by India to safeguard children from sexual abuse. Dr. Gandhi also briefed on online safety so that teachers could guide the students properly for internet security.

Dr. Alka Saxena, Assistant Director (Health and Wellness), BBGS, detailed everyone on Child Protection Policy statements to provide a clear picture to the teachers for ensuring students safety in the school. This policy is applicable to all employees and any person who comes in contact with the school system. Ma'am gave a detailed description on the vision and mission of the school as far as students' welfare is concerned. She apprised the staff about the safety measures taken for transport and even when students move out for picnic or any outdoor activities and other areas. She outlined the parameters to follow internet safety protocol and also updated the roles and responsibilities of 'Child Abuse Monitoring Committee' to make children feel safe and secure in the school premise. The whole objective of session was to sensitize teachers so that children can be protected from abuse and their safety can be ensured by providing a safe learning environment.

CHILD PROTECTION & CARE : OUR PRIME CONCERN

LITE' SUBDUNAIRE – AN INTRA SCHOOL LITERARY FEST

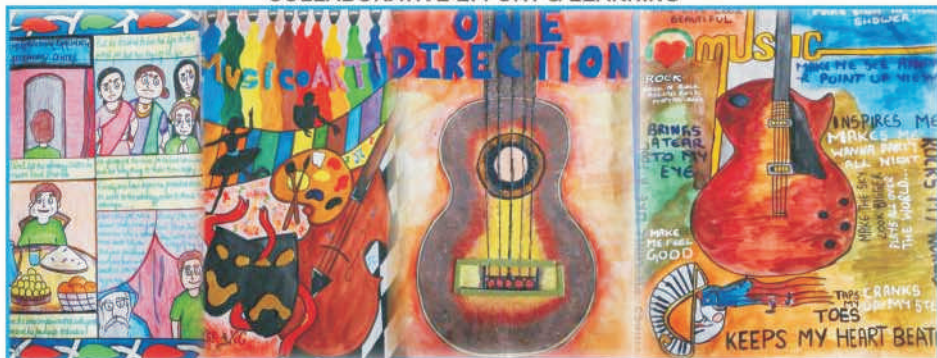

In an effort to create a sensitivity towards literature and appreciate it in its varied moods and genres, the school organized a Literary Fest -'Lite' Subdunaire' (Literary Journey) from May 4 to May 9, 2015. All the students were thoroughly engaged in the various activities related to literature in a week long celebration. The detailed Activity Schedule was given to the students and they adhered to the guidelines and made it a memorable learning experience. The students also prepared theme wise Class magazines.

CELEBRATION GALORE

FOUNDER'S DAY

SPIRITUAL AWAKENING

Blue Bells Public School is a proud endeavour of our Founder Chairman Sh. B. D. Gulati & Director, Dr. Suman Gulati. The foundation stone of this unique and rare temple of learning was laid on October 25, 2001 and the first Academic Session formally commenced on April 10, 2003 with a mere strength of 154 students and now the school boasts of the strength of more than 1900 students. To commemorate the day, Founder's Day was celebrated in the school with utmost zest and zeal on April 10, 2015.

BAISAKHI AND AMBEDKAR JAYANTI

A special assembly was organized by the students of class V A on April 15, 2015 to commemorate the birth anniversary of the 'Father of Indian Constitution', Dr. B.R. Ambedkar. The assembly aimed at making the students aware of the contribution of Dr. B.R. Ambedkar in the making of our constitution and to sensitize them towards their responsibilities. Baisakhi was celebrated with a Folk Song Activity by Class III.

EMPOWERING RIGHTEOUS KNOWLEDGE

INTER HOUSE QUIZ ON "OUR CONSTITUTION"

An Inter- House Quiz on "Our Constitution" was conducted for the students for the classes IV-V on April 15, 2015. The purpose of the same was to make the students aware of the Framing of Our Constitution, its history and its goals - Democracy, Socialism, Secularism and National Integration. Five Question Rounds were conducted. Sarojini Naidu House bagged I position, Radha Kishanan House bagged II, followed by Kalpana Chawla and C V Raman. The event concluded with a message that rights and duties go hand in hand.

HAWAN TO MARK THE DAY

VOCABULARY ENRICHMENT

EARTH DAY

YOUNG BLUE BELLIONS: COMMITTED FOR ENVIRONMENT CONSERVATION

we can make our planet green and clean. The students of Class II designed posters with the message "Nurture Nature.... Save Future".

Earth Day is celebrated all over the world annually on April 22. To sensitize and empower the young Blue Bellions, the school was abuzz with various activities that spread awareness on the importance of preserving the planet Earth on April 16, 2015. The students of Class I wrote slogans to generate awareness suggesting simple methods by which

AWARD CEREMONY FOR ACADEMIC EXCELLENCE

Success provides happiness when it is affirmed not only by one's own self but by others. To felicitate the achievers of Academic Excellence for the Session 2014-15, Annual Award Ceremony was organized for the students of Classes III to XI on April 18, 2015. The academic achievers of the school were felicitated with their Trophies.

LABOUR DAY

HONOURING EXCELLENCE

SALUTING THE DIGNITY OF LABOUR

Labour Day was celebrated in the school premises on May 1 & 2, 2015 to express gratitude to the Support Staff of the institution in recognition of the hard labour put in by them. Various games and activities were conducted in which all the employees participated with a lot of enthusiasm and zeal. It was followed by a colourful cultural programme in which the employees showed their musical potential and singing talent.

MOTHER'S DAY

To express the gratitude to the divine bliss of God i.e. Mother, the school celebrated Mother's Day on May 9, 2015. It was the heartiest tribute to the unfathomed

CELEBRATING MOTHER'S DAY WITH A DIFFERENCE

support and affection ushered by the mother to her child to make him a unique and splendid personality. The occasion was graced by Ms. Soumya Gulati, Assistant Director (Academic Development and Innovation) and Dr. Alka Saxena, Assistant Director (Health and Wellness), Blue Bells Group of Schools. Various Presentations were organized to unearth the latent talents hibernating in each mother. Mothers actively participated in Best Out of Waste and Potted Plants activities. As a part of Health & Wellness Programme, under the initiative and guidance of Dr. Alka Saxena, Assistant Director (Health and Wellness), BBGS, a workshop on Gender Sensitivity was organized on the occasion of Mother's Day. The Workshop was attended by the mothers and their spouses. It was rejuvenating to watch the fathers taking active part in the interactive discussions and activities which were the part of this invigorating workshop.

REGULARITY AND PUNCTUALITY AWARD CEREMONY

Education aims at making children capable of becoming responsible, productive and useful members of a society. Knowledge, Skills and attitude are built through learning experiences and opportunity created for learners in school. To honour and felicitate the students who had achieved the tough target of registering 100 % attendance in the last academic session 2014-15, a special Morning Assembly was organized to give away Regularity & Punctuality Awards on May 13, 2015.

ACCOLADES FOR THE STUDENTS SECURING 100 % ATTENDANCE
