FROM THE DESK OF THE VICE PRINCIPAL

The vision of education, as we enter the 21st century, must be resurgence of the thirst of knowledge, an eagerness and desire to learn, greater opportunities for all students to engage in more in-depth learning activities. The future workforce will require the student of tomorrow to do more than just listen and speak, read and write and perform mathematical computations.

The students will need to develop skills that provide opportunities to their creativity, make decisions and judgments, solve problems independently, reason, envisage new ideas and know how they learn and how others who assist them learn. The emphasis will be on the art and science of creative living in the global context.

For this, there must be a burning aspiration in the child to learn and to educate himself / herself and to realize that nothing can be achieved if he/she does not have the thirst for the truth. The child must discover that true knowledge is within. And only when he/she looks and lives within, will the child discover a new dimension to life, one that percolates to work and makes it more beautiful.

The power of concentration, is the only key, to this treasure house of knowledge, it comes not only from mere collection of fact. The more the power of concentration, the greater the knowledge acquired. After all, the real aim of education is to be and not to do. The successful completion of the ISA Projects by the school reaffirms the ideology that when you set your goal and whole heartedly dedicate yourself for its accomplishment, then only you are benefitted with the elixir of success.

Plethora of research based activities were enthusiastically performed by the students which gave a vent to their fecundity of thought and copiousness of illustration. As an educator, it was gratifying as the knowledge percolated to the deep and in a real sense internalization of the concept could be easily experienced. This is just a humble beginning and we will achieve many more milestones in this journey towards excellence.

I also avail this opportunity to express my heartfelt thanks to our committed and sensitive management, dedicated teachers and cooperative parents who have always supported us in all our endeavours. This perfect amalgamation of positive energy creates a congenial learning ambience for the holistic growth and development of the students.

With an aspiration to get this constant support for our ventures, wishing you all a bright and prosperous new year.

Arpita Acharya
Vice Principal
Blue Bells Public School

GLOBAL LEAGUE INSTITUTION CERTIFICATION-2017-18 BY GREAT PLACE TO STUDY RESEARCH INSTITUTE, UK

Blue Bells Public School is a premiere co - educational institution which believes in imbuing a strong value system in the students along with focusing on their academic excellence to an extent that they are groomed to become wholesome adults who face the challenges of life with confidence and courage. It is in recognition of this exemplary contribution that the school was conferred the Great League Institution Certification 2017-18, on the basis of an Online Student Satisfaction Survey conducted by Great Place To Study Research Institute, UK. It was a proud moment for the school when Mr. Ashish Gulati, Vice Chairman, Blue Bells Group of Schools, was honoured with this prestigious Certification at The House Of Commons, London on February 23, 2017 by Great Place To Study Research Institute. The Institute recognized the school as a true reservoir of quality education which strives towards holistic education in an active and dynamic learning environment. Heartiest Congratulations to all the members of Blue Bells Family on this stupendous achievement! We are indebted to all our mentors for their unconditional support and patronage. We pray that this legacy is carried forward and scales great height in the years to come.

GLOBAL IMAGE OF ASIA INTERNATIONAL AWARD

A true legend is neither born nor created but becomes legendary by cherishing the visions and dreams one strongly believes and pursues. Such is the commitment and conviction of Dr. Saroj Suman Gulati, revered Director, Blue Bells Group of Schools. It was by sheer dint of her dedication to the field of education that she diligently worked towards bringing about revolutionary changes and introduced the concept of holistic education in her schools with impetus on all-round development of the child's personality way back in 1980's when the concept was still in the infancy. It was in recognition of her meritorious and selfless contribution to the cause of education that she was conferred the prestigious 'Global Image of Asia International Award' at Kathmandu, Nepal on February 25, 2017 by the Economic Growth Society of India. Ms. Anshuka Aneja, Assistant Director -IT, BBGS, received this meritorious recognition on behalf of Dr. Saroj Suman Gulati, esteemed Director, BBGS among the elite dignitaries and educationists. Heartiest Congratulations to Director Ma'am from all the members of Blue Bells Family. We are thankful to the Almighty and feel blessed to be under the patronage of a guide, mentor and Guru in the form of our Director Madam.

CELESTIAL SOJOURN

"Beyond speech is the glory of the Great One. He is the Creator, mighty and benign."

Faith is the light that guides through the darkness. There is a single power ruling this world i.e. God, He is the omnipotent, omniscient and the omnipresent force that guides us in all our ventures. To root the students to the power of the self-exploration and realization, An Inter-House devotional presentation - Celestial Sojourn (Five Elements In

Transition) was presented by the Primary Wing of Blue Bells Public School in the loving memory of Honourable Chairman Sh B. D. Gulati on December 21, 2016. The program was presided over by the revered Director, Blue Bells Group of Schools Dr. Saroj Suman Gulati Ma'am. Students presented Darvesh and Shiv Stuti representing the element Air depicting continuity of values in life. All the four houses presented their spiritual renditions - Awall Allah Noor, Girdhar Gopal, Koi Bole Raam, Sufiana Rang depicting the other four elements of the Universe representing virtues like patience, energy, calm and reinventing oneself. The event aimed at inspiring the students to learn from the legacy created by Sir Sh B. D. Gulati. The soulful melodies touched the heart of all present at the event.

→ ICT DAY CELEBRATION

The Annual feature of Intra School Event - EZ Vidya's ICT Day, 'THINKROOMS' was organized by the school on March 3, 2017. This competition provided a platform to the students to showcase their expertise in information technology with the perfect blend of core life skills which are a part of their healthy growing. The students of Classes III to V participated in the event with utmost zest and zeal by innovatively transforming their classrooms to Think rooms. The events on

both these days were adjudged by renowned faculty members of Blue Bells Group of Schools and experts from EZ Vidya. The Closing - cum - Valedictory Ceremony of the Programme was adorned by the illustrious presence of Dr. Saroj Suman Gulati, esteemed Director and Ms. Anshuka Aneja, Deputy Director -IT, BBGS. The students presented a well orchestrated cultural programme with a perfect blend of a wonderful musical presentation and the scintillating dance presentation that left everyone gasping for more. The achievers were felicitated by revered Guests for the occasion Dr. Saroj Suman Gulati and Mrs. Anshuka Aneja. Speaking on the occasion Ms. Anshuka Aneja congratulated the students for showcasing their tech skills with an utmost level of perfection. Ma'am expressed her happiness to see the young netizens understanding the theme perfectly. Ma'am aspired to see these young Blue Bellians flying high in the sky with a perfect blend of knowledge and values.

→ DEALING WITH EXAMINATION STRESS

During examinations, it is important for the students to be in a calm state of mind and to deal with any emotion which may be causing distress. To address the feelings of students and to help them manage their emotions; Dr. Alka Saxena, Deputy Director (Health & Wellness), along with her Resource Centre team comprising of counsellors, Ms. Renu Khare and Ms. Shreya Kumar prepared an interactive module for the students and art work for the same was done by Ms. Aarti Arora, Ms. Vrinda Sood and Ms. Sreya

Chatterjee. The session to deal with Examination Stress was taken by the Resource Centre team for the students of classes VI to XI in January and February, 2017. The session included ways to identify stress and some internal and external factors that lead to stress during examinations. With students of classes VI to VIII, managing parental concerns was the focus, as they have shared with the team about how to effectively manage this. Therefore, students were given tips to deal effectively with the concerns of parents during examination. Some suggestions were shared with the students like, expressing their feelings assertively, making the parents aware of their timetable and study breaks, and keeping parents in the loop by making them a part of their studies. The motive of the session for classes IX to XI was to help the students identify the automatic negative thoughts and various ways to manage them. Prioritizing of tasks was also taken up to emphasize on giving importance to revision time along with identifying time consuming task so that they can be better prepared. The students were apprised about three steps of planning their time effectively. At first making an overall planner, followed by a weekly time - table and then listing the daily things to do. These can be made keeping a SMART time - table in mind where 'S' stand for Specific, 'M' for Measurable, 'A' for Achievable, 'R' for Realistic, 'T' for Time - Bound. The students understood the three learning styles that were shared with them, which were: Word smart, Picture smart and Number smart. They were encouraged to identify their own learning style and incorporate them so that their learning and recalling become efficient. The students were encouraged to identify the time wasters they face, like phone calls, social networking, poor planning, cluttered desk and procrastination; especially when they are preparing for their examinations. These were followed by tips that can help them to increase their productivity. The importance of a healthy lifestyle, which includes a balanced diet regular exercises and good sleeping habits, was also emphasized upon. The harmful effects that simulating activities like T.V., phones, video games, arguments, etc. can have before sleeping was also discussed. In order to improve students' concentration span, a few concentration exercises were conducted. These exercises were appreciated by the students as they all participated enthusiastically. These exercises were followed by a short progressive muscular relaxation and guided imagery. Both of which helped them to feel calm and relaxed, which will later help them in increasing their concentration. The session concluded on a positive note where it was shared with the students that they could connect individually with the counsellors for any further support.

→ TRANSITION WORKSHOP

"Any transition is easier if you believe in yourself and your talent." -Priyanka Chopra

Adolescence is a period of transition and change that every teenager has to encounter as he / she embarks on a process of self - exploration and self-discovery on the verge of adulthood. Sensitizing the adolescents and empowering them to combat the challenges of tomorrow is the need of the hour. The time of transition is strenuous but it gives an opportunity to rethink priorities and adapt & adopt the changes to emerge as UNIQUE individual with a strong value system. In sync with the same objective, the Resource Center team of Health and Wellness Programme of the school organized a Transition Session for the students of Class V on March 1, 2017, under the inspiring guidance of Dr. Alka Saxena, Deputy Director (Health & Wellness), BBGS. The session was chaired and addressed by Dr. Alka Saxena. It was attended by the Principal, Middle Wing Incharge, Counsellors and teachers along with the students of Class V. The motive of the session was to prepare the students for the transition from Class V to VI and also to familiarize them with the Middle Wing system, their new teachers, the assessment pattern and the Health & Wellness Programme followed in Class VI, along with addressing their apprehensions and concerns. Ms. Sunita Kaul, the Middle Wing In-charge extended a warm welcome to the students and apprised them about a few changes that would be there in Class VI. Ms. Meena Abrol, the Examination In-charge, gave a brief about the changes

and addition of subjects, activities, and the Evaluation and Assessment Scheme as per the new CBSE directives. The students were also apprised about the different events and activities included in the Middle Wing as part of the Health & Wellness Programme and the Health and Wellness Team for the Wing was introduced. In the interactive session, Dr. Alka Saxena asked the students to share their feelings

and concerns about moving to the new wing. Their responses included feelings like nervousness, excitement, curiosity, fear, and mixed feeling. The students further shared their apprehensions that they were worried about shuffling of classes, new subjects, new teachers, new wing, new books, new ways to study and more activities etc. Dr. Alka Saxena addressed these feelings of the students and shared the ways in which they can adapt effectively to the change which is pertinent to growth. Ma'am also encouraged the students to voice their opinion so that the areas of concern could be amicably resolved. The students were worried on how would they be able to get friendly with new classmates as their classes would get shuffled and also how would they rectify the errors during exams as they would be now writing with pen. Dr. Alka provided a proper hand holding and suggested ways to cope with the changes. These appealed to the students as their concerns were addressed and answered. The students were then introduced to the subject teachers of Class VI, which helped them feel at ease and they appeared relaxed and comfortable. The school team

assured the students that they would not only get the support of their new teachers but also their previous teachers in this phase of transition. With the kind of response the students showed towards the workshop, has led us to believe and feel motivated enough to keep up the good work. It also fortifies our commitment to churn individuals with a positive bent of mind in any given circumstances. Its just a drop which will make up the ocean generating Aware, informed and responsible individuals of the future.

HELPAge INDIA INITIATIVE

"Showing Gratitude Is One Of The Simplest Yet Most Powerful Thing Humans Can Do For Each Other."

The school actively organizes Community Outreach Programmes to sensitize everyone on the core issues so that the change percolates to benefit the society and nation at large. In pursuance of this mission, the Health & Wellness Programme of the school spearheaded by Dr. Alka Saxena, Deputy Director (Health & Wellness), BBGS, organized a Workshop for the students in association with HelpAge India, an NGO working with and for the elderly in India. The NGO conducted a session on SAVE (Students Action for Value Education Programme) for the students of Primary Wing - Classes III-V on January 18, 2017 to create awareness about various Help Age projects all across the country. The workshop was instrumental in sensitizing the students about ageing issues and children's responsibility towards their grandparents, how their spending of quality time with the grandparents can help in creating a strong bond of love and affection. The programme aimed at creating an "age friendly society". Our little Blue Bellians joined hands together to bring smiles to the elderly and decided to be volunteers to provide social support in their own special way. They collected an amount of Rs. 1,06,572/- to sponsor the programmes run by the NGO. A special assembly was organized on February 08, 2017 to hand over the contribution to Help Age India. The assembly was presided over by Dr. Alka Saxena, Deputy Director (Health & Wellness), Blue Bells Group of School. Ma'am appreciated and congratulated the students for their outstanding efforts in being partners to this human cause. Dr. Alka Saxena and the students of Primary Wing handed over the amount collected to Help Age India. It was a humble expression by the students and school to give back to the society in a productive manner.

APRATIM BHARAT - ANNUAL PRESENTATION FOR CLASSES I & II

In sync with the mission to root the young Blue Bellians to the rich Indian Heritage, the school proudly hosted a Cultural Extravaganza for the students of Classes I and II on the theme - Apratim Bharat: A Journey Towards Excellence, aroma of unique Indian spiritual heritage, a symbolic representation of Indian contribution in the developmental process all across the globe on March 11, 2017. The students presented a panoramic view of the contribution of Indian Vedas and culture in the development of the world. It also vivified the process of evolution of Modern India from the rich learning of the vedas, percolating to the diverse areas of development and emerging as a strong nation with rich cultural heritage and knowledge based society. The occasion was embellished with the gracious presence of Dr. Saroj Suman Gulati, esteemed Director, BBGS and Mr. Ashish Gulati, Vice Chairman, BBGS and Madam Soumya Gulati, Deputy Director (Academic Development and Innovation) BBGS and Madam Anshuka Aneja, Deputy Director -IT, BBGS. Under the initiative and guidance of Madam Soumya Gulati, Deputy Director (Academic Development and Innovation) BBGS, the Gallery Walk showcasing the learning progression of Classes I and II on the theme - 'Moving Around & Communication' was the highlight of the programme. The Research Centre of The Health & Wellness Programme under the inspiring leadership of Dr. Alka Saxena, Deputy Director (Health & Wellness), BBGS showcased the development process of all domains of learning in the students along with life skills and values in their formative years. The parents heartily appreciated and lauded the effort which also gave them an insight into the learning progression.

GREEN IT REVOLUTION IS THE ONLY SOLUTION

The vision and mission of the school is to kindle the unique potential of every child and empower them to become innovative thinkers so that they can be agents of change and be aptly oriented to bring in positive impact with their creative ideas. In sync with the same vision, the school gave a research based IT Project to the students of Class IX on 'A GREEN IT REVOLUTION IS THE ONLY SOLUTION'. The aim of the project was to spread awareness among the students about electronic waste and its recycling. The students researched and analyzed the information on recycling and reuse of e-waste in the different countries. They had organized the data collected by them in the form of a movie using Moviemaker. The students then innovatively created the artifacts with e-waste by adding aesthetic and utility value. The exhibits were put up for display in form of a gallery walk. The Exhibition was put up by the students today to showcase their learning from the project.

on January 27, 2017 and January 28, 2017 for students of classes VI to VIII and parents respectively. The Exhibition was adorned by the illustrious presence of Ms. Anshuka Aneja, Deputy Director -IT, BBGS who whole heartedly appreciated the efforts of the students and spoke to them at length about the motive of their movie or artifact. The Principal, Vice Principal and other teachers of the school also visited the Exhibition and applauded the efforts of the students as well as the research they had put in to concretize an innovation on the floor or realism. The students of Class IX enthusiastically answered the questions of their teachers and peers while they explained their projects to them. It was a learning and a rejuvenating experience to see young energetic minds bringing in new ideas to conserve the resources in an effective manner.

FINITE PLANET WITH INFINITE HUMANS

The Project Finite Planet With Infinite Human- Consequences And Control Methods was conducted in class X during October and November. The project aimed at the study of the increase in the population, its consequences and control methods adopted in China, Iran, Myanmar, Singapore, US, Uzbekistan and India. The students of Class X collected the data related to increase in the population of different countries like India, China, Iran, Myanmar, Singapore, US and Uzbekistan and became familiar with the policies adopted by the countries from time to time to control the population explosion. The students also conducted a panel discussion on the population control methods adopted by these countries and their impact on the economy and natural resources. Feedback Forms were given to students and their parents in which they shared their feedback regarding the project. The concerned teachers also penned down their experiences and learning during the project. The students work was also exhibited where they shared and explained the related data with the visitors. The learning outcome of the project was gratifying as the students were able to identify, understand and comprehend the problems raised due to the population explosion. They could compare and evaluate the data related to the topic and appreciate the varied population control methods adopted by different countries to control it. They also inferred and generated the results and effects of population control methods adopted.

DIGITAL LITERACY PROGRAMME

Technology has the ability to enhance relationships between teachers and students. When teachers effectively integrate technology into subject areas, teachers grow into roles of adviser, content expert, and coach. It helps make teaching and learning more meaningful and fun. Ms. Arpita Acharya, Vice Principal & ISA Coordinator and Ms. Mamta Shivpuri successfully completed the Introduction to Core Skills for Leaders and Teachers Course along with Advanced Course on Digital Literacy organized by British Council. They were conferred with this prestigious certification by Mr. Arunabh Singh, Director, Nehru World School, Ghaziabad, Alumnus of King's College London, Teacher Trainer with British Council and Ms Charu Bajaj, Teacher Trainer, British Council on February 23, 2017 at Hotel Crown Plaza, Okhla. Adding to the glory, in the Video Contest, Ms. Mamta Shivpuri's VIDEO on 'MY WOW MOMENT' was declared as the BEST VIDEO among the videos submitted by the teachers of renowned schools who earnestly participated in the programme.

CELEBRATIONS GALORE

REPUBLIC DAY CELEBRATION

Republic Day reminds us of the fulfillment of the pledge that was made on the midnight of Independence as a 'trust with destiny'. It is a future-oriented vision of India that we nourish, an acceptance of responsibility and making of promises as well as recapitulation of the achievements. To mark the importance of the day, Republic Day was celebrated in the School on January 25, 2017 with utmost zest & zeal. The entire school was soaked in patriotic fervour. The celebration was adorned by the gracious presence of Dr. Saroj Suman Gulati, revered Director, Blue Bells Group of Schools. The celebration began with the inspection of the Parade and unfurling of Indian Tricolor in the sky by Chief Guest Honourable Director Madam. The students presented a spectacular scintillating cultural programme on the theme – 'INDIA: A CELESTIAL MUSIC', where there was perfect blend of speech, poem, sports activities and dance presentation that depicted the struggle for Independence and the journey of the nation into a superior surging arena.

FLAMMAE – FAREWELL & GOOD LUCK PARTY

Memories are the best way of holding on to the past while absorbing the future. Flamme - Farewell & Good Luck Party was organized by Class XI students to bid adieu and wish Class XII for a wonderful performance in coming Board Examination on January 28, 2017. The occasion was graced by Dr. Saroj Suman Gulati, esteemed Director, Blue Bells Group Of Schools. Teachers and staff members who had always been a part of nurturing the students of class XII were also a part of this emotional moment. The peers dressed ethnically were welcomed by their hosts, Class XI students who escorted them to the Sita Devi Memorial Multipurpose Hall where a video and power point presentation reminiscing their momentous past was shown. The Farewell was embedded with different cultural programmes like Tilak Ceremony, Ganesh Vandana, Song, Street Play and games by the students of class XI. The Ceremony was conducted solemnly evoking mixed feelings of tear and joy. The highlight of the Celebration was the Fashion Show for Class XII where the students participated with utmost enthusiasm. They walked confidently on the ramp and answered the questions of the judges. The much awaited accreditation of Mr. BBPS and Ms. BBPS was conferred to Hardik Khurana and Vatsala Sharma unanimously. Mr. Well Dressed and Ms. Well Dressed title was clinched by Gantavya Arora and Sanchita Jain. Ms. Anjali Nagpal, Principal of the school, took immense

pleasure in honouring the achievers with crowns and sashes amidst reverberating applause. This was a befitting close to the pot pourri of alluring messages and symbolism imprinted forever in the memoirs of the school with the would be alumni savouring cuisines laid in their honour.

MI CAMP – CHANNELIZING CREATIVE POTENTIAL

An intelligence is the ability to solve problems or to create products, that are valued within one or more cultural settings. To involve students in different activities to help them identify their multiple intelligences and give them meaningful and enjoyable exposures to discover their own strengths and become confident, a "Multiple Intelligence Camp" on the theme - "My Strong Intelligences – My Pathway of Success" for the Primary Wing of Blue Bells Public School was organized on February 21 and 22, 2017 in collaboration with Primary Plus. The students of Classes UKG to Class V were involved in plethora of activities based on multiple intelligences which ranged from creating art, stories, science projects, loads of social and team project work, body movement and skills, and effective communicative language to express and explore ideas and thoughts.

STRENGTHENING PARENT INTERFACE: ORIENTATION PROGRAM

"Education is the human right with immense power to transform. On its foundation rest the cornerstones of freedom, democracy & sustainable human development."

At the threshold of the new Academic Session, an Orientation programme was organized on March 11, 2017 for the new parent members of the Pre-Primary Wing. The occasion was graced by the illustrious presence of Dr. Alka Saxena, Deputy Director (Health & Wellness), BBGS. The Orientation was a gateway to apprise all the esteemed parents about ideology, pedagogy and teaching methodology imparted in the institution. It was also a means to draw attention towards diversified activities blended with academics to equip the students to satisfy the demands of the day. The parents were accorded a warm welcome by the Ms. Anjali Nagpal, Principal of the school. Dr. Alka Saxena, Deputy Director (Health & Wellness), BBGS, briefed the parents about the vision of The Health & Wellness Programme along with Child Development and all the domains of learning –Cognitive, Physical, Social & Emotional and Language. Madam also stressed on the importance of early childhood education and care which can shape the personality of the child in a unique manner.

Ma'am apprised the parents that the school ardently focuses on how to prepare a child for Nursery and school life so that he/ she is physically and emotionally empowered along with strengthening the belief that 'SCHOOL IS A SAFE & SECURE PLACE'. Ms. Renu Khare, the school Counsellor briefed the parents about the need to develop Child's emotional vocabulary so that the child can understand the emotions and feelings. The parents were also apprised about nurturing core Life Skills in the students so that they have the abilities for adaptive and positive behavior which are pertinently required to deal with challenges of life. Dr. Alka spearheaded an interactive session with the parents to acquaint them with effective parenting tips to prepare their child for school by fostering Social & Emotional Skills, Vocabulary enrichment for communication, Routine Setting, preparing a healthy and handy snack and many more. The parents were divided in groups and were asked to pen down their ideas on How The Family Prepares the Child For School, Positive Talk, Routine Setting, Nutritious Diet and Good Bye Rituals. The parents were asked to present their discussion with the august gathering. The presentation given by the parents was the highlight of the Orientation Programme as they shared how they would effectively contribute to enthuse their child to come to school. The parents heartily appreciated and lauded the Display Boards prepared by the team showing the development of all domains of learning including values and life skills in the students during the classroom sessions in their early years. Under the initiative and guidance of Madam Soumya Gulati, Deputy Director (Academic Development and Innovation) BBGS has come up with the Learning Space - The Learning & Development Centre. The parents were acquainted with the varied workshops and Gallery Walks which were organized in house along with the pedagogy adopted by the school to bring in innovative practices to enhance the teaching learning process. Back to School Series is an innovative initiative wherein real class room situations are created to apprise the parents about Teaching-Learning processes. The parents were highly appreciative of the Live Class Room created by the L & D Team to show the Theme Progression in Classes Nursery & LKG.

INTER SCHOOL COMPETITIONS
