MESSAGE

“ The essence of education is to help you discover your Uniqueness, teach you how to develop it, and show you how to give it.”-Leo Buscaglia

We, at Blue Bells, strongly feel that the prime aim of education should be to facilitate the integrated growth of the younger generation so that they strengthen their logical skills and are empowered to transform their world creatively and critically.

In the words of Mahatma Gandhi, "By Education, I mean an all-round drawing out of the best in child and man-body, mind and spirit". Thus, the goal of education is the discovery of the meaning of life and its fulfillment for mankind as well as for oneself. The quest for education is knowledge, humanity, culture, wisdom, and sharpness along with honing character.

I have a belief that impressions, credence, and habits formed during the formative years in school remain with the learner throughout his/her life. What is deemed essential is to channel the vast store of energy in these young impressionable minds to bring out the best in them so that they are equipped to combat all challenges and emerge as leaders of tomorrow. Our mission has always been to earnestly provide a conducive environment to every Blue Bellian so as to empower them to become educated leaders.

The excellent Board Result of the school reiterates our faith in our pedagogy as we believe in evolving an educational system that caters to the innovative and creative minds of the Gen-X. With esteemed pleasure, I extend my heartiest congratulations to all the students of classes X & XII and their parents for their brilliant success in the Board Examinations 2021-22. As an institution, we believe that education is an endless journey that ignites tender minds to become wholesome wholes. We believe in the words of Dr. APJ Abdul Kalam, “An ignited mind is the most powerful resource on earth, above the earth and under the earth.”

I would also take this opportunity to appreciate and laud the sincere efforts of the faculty in training the youngsters towards stupendous success. It is with your efforts that we were able to scale great heights. I am grateful to our ever-supportive Management whose vision, wisdom, and mentorship have been the bedrock for all our accomplishments. I wish to extend my gratitude to our parents, our greatest support and pillar of strength in all our endeavours.

The Blue Bells family ardently dedicates itself to a dream that our students excel not only academically but also become conscientious and compassionate youngsters who understand their responsibility, learn to respect relationships, and feel accountable for their actions. We pray to the Almighty to shower His choicest blessings on us so that we are able to pursue our dreams with honesty in our hearts and courage in our mindset.

Warm Regards

Arpita Acharya

Dear Reader

The young ignited minds are our greatest assets. We cherish these youngsters and encourage them to explore their true potential by awakening their passions and cultivating their talents. This has helped them to be the peak performers in this global world of growing opportunities. Imbued with a passion for knowledge and a quest for a lofty purpose, these souls will continue to blaze a trail for us by virtue of their hard work and resolute focus.

Heartiest congratulations to all the achievers and their parents for soaring high and accomplishing goals!

We will again reach out to you with the next issue of the e-Newsletter with all our accomplishments and endeavours.
