Dear Students

I take this opportunity to extend my Heartiest Congratulations to all the students of Classes X and XII and their parents for stupendous CBSE Board results 2019-20. I am overjoyed to witness the success and laurels won by our students with their hard work, grit, and determination. I wish each one of you the best in life ahead.

It is often said that the real test of a man's strength and perseverance is not where he stands in moments of comfort and convenience, but where he stands and how he reacts during challenging times.

Mankind has been accustomed to facing catastrophic outbreaks of diseases. But Covid 19 is the first viral outbreak of this unprecedented nature and scale in our lifetime. My thoughts and prayers are with all those battling against the virus, with the victims around the world, and the saviours - doctors, health officials, police and all others who have put their lives at risk for the rest of us.

One of the very important lessons intended for us through this pandemic is to relearn the respect that we must have towards nature. Let us always remember that our ancestors saw Nature as Mother and expected us to respect it. At some point in history, we forgot the ancient wisdom. When pandemics and abnormal weather phenomena are becoming the norm, it's time to pause and ponder about where we lost the way, and how we can still make a comeback. This is where I know our Blue Bellians will not falter and will live up to their responsibilities as good citizens of the world at large.

This pandemic was unforeseen but can be won over with perseverance. I want all of you to keep reminding yourself that 'this too shall pass' and till it does not, we must make the most of even this moment and reflect on our deeds and thoughts. Always remind yourself, that each challenge is an opportunity to grow and evolve. So, make sure that what comes out of this storm is a more focused and dedicated version of you.

Lots of love to all my students.
